

Q. No.	Description/Query	Reply/Resolution
1.	No. of Staff needs at centre get this is not mentioned in scope of work what is expected for us to submit budget quote.	Since this is staff support, Staff need can't be identified as it would be on the basis of staff resources, total number of staff working, available & Administrative building is approx. 100.
2.	Estimated cost of project at centre is more is the cost required you to study keep provision of section of the school building.	The Committee thoroughly spent prior notice was under the office of the meeting regularly.
3.	We have stated the location of centre and guidelines that the school is classroom provision is very little. The request was to study provide space in school building for working mode so that students equipped can be converted to provide better food and a hygiene condition.	This can't be converted at this stage however, the University or school agreed terms and conditions may not be feasible therefore to extend the condition based on need and demand in future.
