

Season 2020-2021
(Primary and Secondary Education)

The following is a list of the most important information for the 2020-2021 season. It is intended to provide a general overview of the season and to provide information on the various activities and events that will be taking place during the season.

1. The season will begin on the first day of the month of September and will end on the last day of the month of May.
2. The season will be divided into two halves, the first half will be from September to December and the second half will be from January to May.
3. The season will be divided into four quarters, the first quarter will be from September to November, the second quarter will be from December to February, the third quarter will be from March to April, and the fourth quarter will be from May to June.
4. The season will be divided into four weeks, the first week will be from September to September 10, the second week will be from September 11 to September 20, the third week will be from September 21 to September 30, and the fourth week will be from October 1 to October 10.
