**Notice**

Students have been allotted respective guides for the course “MSBIS3004C04: Minor Project”. These faculties will also act as mentor for III and IV semesters. Students are required to carry out a minor project, which is meant for introducing research methodology & literature view. At the end of semester, students need to submit a short project report (8 to 10 pages) and a seminar presentation (70 Marks). In addition, there would be continuous assessment (30 marks) related to this course. This is for information to all concerned.
