There was no representation from Dept. of **Environmental Science, Mathematics and Psychology** in the meeting.

During the meeting, the Hon'ble Vice-Chancellor discussed various aspects of **Placement of students** and highlighted the broader impact of **Placement** in building a national level repute of the University by achieving higher **NIRF Ranking** and maintaining **NAAC Accreditation Grade 'A'**, etc.

The Hon'ble Vice-Chancellor motivated the members to take following steps:

- 1. Activating the Placement Cell through departmental contribution:-** It was suggested to make persistent efforts for developing a relationship with **prospective industry / institution** where the students can be placed after completion of their courses. Once the **Academia – Industry relationship** develops, the departments may further need to invite the Industry / Organisation people (representatives) to the University for conducting Placement activities regularly round the year for a better outcome. This will help establishing CUSB as an institution of national repute with good academic Ranking.
- 2. Logistics Support:-** The Co-ordinator of the Cell should provide Logistics support on request / requirement of department towards successful organisation of placement activities.

The members unanimously agreed upon all the above mentioned points.
