

## How to connect the Wi-Fi Network

There are two Wi-Fi networks in the University campus “**CUSB1**” and “**CUSB2 (Bihar Campus Wi-Fi)**”. You may connect any network as per available signal strength in your area.

### A. CUSB1:

1. Search the Wi-Fi network in your Wi-Fi enabled device and connect the **[CUSB1]**.

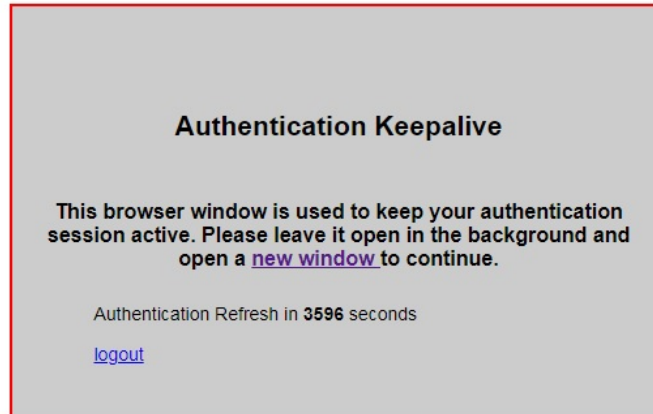

2. Run the Internet browser program and open the any website i.e. [www.google.co.in](http://www.google.co.in). A captive portal<sup>1</sup> will be display asking ID and Password.

A screenshot of a captive portal login form. At the top center is the logo of Central University Of South Bihar. Below the logo, the text "Central University Of South Bihar" is displayed. Underneath, it says "Please enter your username and password to continue." There are two input fields: "Username:" and "Password:". At the bottom right, there is a "Continue" button.

3. Enter the ID and Password as provided by University Computer Centre and click **[Continue]** button.

4. After verification of credential “A successfully Connected Message” will be displayed

Note: Please do not close the [TAB] “Authentication Keep Alive”. It is used for keep alive the authenticated session.

5. Now, open / use the new [TAB] for browsing the Internet.

#### B. CUSB2 (Bihar Campus Wi-Fi)

1. Search the Wi-Fi network in your Wi-Fi enabled device and connect the **[CUSB2 (Bihar Campus Wi-Fi)]**.

2. Run the Internet browser program and open the any website i.e. [www.google.co.in](http://www.google.co.in). A captive portal<sup>1</sup> will be display asking ID and Password.

**Important:** If “Captive Portal” not appearing automatic, please enter the following IP address in browser.
